

I.V.S. Kushwanth

ivskushwanth@gmail.com — GitHub — LinkedIn — Bachelor of Technology (CSE) — AIML Engineer

Profile Summary

Aspiring AIML Engineer with strong foundations in Data Structures, Machine Learning, and Generative AI. Skilled in Python, C++, TensorFlow, and PyTorch with hands-on experience in machine learning projects, preprocessing, feature engineering, and model evaluation. Solved 150+ coding problems across LeetCode and CodeChef.

Education

SRM University AP B.Tech in Computer Science Engineering	CGPA: 8.23
AIAT Class XII	85%
Sri Chaitanya School Class X	82%

Relevant Coursework

Data Structures and Algorithms ■ Machine Learning ■ DBMS ■ Operating Systems ■ Artificial Intelligence

■ Probability and Statistics

Projects

Habit Tracker Python, SQL	GitHub
■ Built a habit tracking application to monitor daily activities and improve consistency.	
■ Implemented SQL-based data storage and analytics functionalities.	
Student Management System Python, SQL	GitHub
■ Developed a student record management system with CRUD operations.	
■ Improved structured data organization and retrieval efficiency.	
Stock Price Prediction System Python, Pandas, Machine Learning	GitHub
■ Built a regression-based stock price prediction model using historical data.	
■ Performed preprocessing, feature engineering, and model evaluation.	

Technical Skills

Languages: C, C++, Python

Machine Learning: Regression, Classification, Feature Engineering, Model Evaluation

Frameworks: TensorFlow, PyTorch, Flask, Django

Libraries: NumPy, Pandas, Scikit-learn

Databases: SQL, MongoDB

Tools: Git, Linux, Jupyter Notebook, VS Code

Certifications

GenAI Powered Data Analytics Job Simulation – Forage (Tata Group)	April 2026
■ Performed EDA and built models for customer risk prediction.	
■ Generated AI-based business insights and recommendations.	

Achievements

- Solved 150+ coding problems across LeetCode and CodeChef.
- Participated in 5+ hackathons focused on software and AI-based solutions.
